

COTOPAXI VOLCANO TOUR

PICK UP TIME: 8:00 AM Please be at the lobby of the hotel on time

Activities: Early in the morning, you will be picked you up at your Quito hotel and driven south along the Pan-American Highway past scenic valleys and plains filled with multicolored fields. After an hour and a half, we will reach the main entrance of Cotopaxi National Park, a spectacular ecological reserve covering 139 square miles (36,000 hectares). Within this area is the magnificent Cotopaxi Volcano, which rises 3.66 miles (5,897 meters) above sea level. Your guide will then explain the culture and natural history of the Andean ecosystems here.

After a few more minutes of travel, we will make our way to the edge of Lake Limpiopungo to admire a variety of birds and occasionally even wild horses. On clear days, you can spot the magnificent cone of Cotopaxi, which appears like a postcard-perfect sight. A short walk around the lake will also allow you to admire the Andean plant and animal life of the area.

We will have a traditional Andean lunch at a local restaurant before returning to Quito in the afternoon.

PLEASE NOTE:

- **Required tour supplies:** Warm windproof clothing, a rain hat or cap, sun protection (60 SPF rating), comfortable walking shoes, a camera (preferably with a wide-angle lens), binoculars and sunglasses.
